

HVAC & Dryer Duct Cleaning

AIR CONDITIONER / HEATER CLEANING

To prolong the life of your HVAC units it is recommended you have the unit checked and cleaned annually. Dave Meranus is licensed in universal refrigeration and is also able to recharge your unit with refrigerant if necessary.

\$40.00 per HVAC unit x # _____ of HVAC units in your unit = Total \$ _____

Additional services such as refrigerant will be priced separately by Dave.

Please indicate the location of units to be cleaned if you are not having all units cleaned:

1.) _____

3.) _____

2.) _____

4.) _____

DRYER DUCT CLEANING

Lint and debris clogged in dryer vents can cause your dryer to overheat, increase energy consumption and be a potential fire hazard. Maintaining clean dryer vents will help your dryer run safely and more efficiently.

This service is now mandatory for all units and free of charge.

Dave will be cleaning vents beginning in the early Spring. If you have questions or concerns, please E mail Dave directly at dmeranus@comcast.net
